We live in a global village where economic boundaries are collapsing and any business should be open to employees, funders, suppliers and customers from across the world. As management graduates, you will lead this change for Indian enterprises, and you need to be armed with the right education. SBS is determined to train you for the global world and to that end, we are on a drive to sign memorandums of understanding with the top business schools of the world. We have recently signed a memorandum of understanding with the iconic French University: Institut Mines Telecom-Business School (IMT-BS).

- ▶ IMT is a French public academic institution with a 200-year history, dedicated to Higher Education.
- ▶ IMT has more than 13,500 students from 80 nationalities. Driving distance from the centre of Paris, this is a truly internationalised University in one of the most beautiful places in the world.
- ▶ This is a world class school, with all the prestigious international accreditations including the AMBA, AACSB, and EFMD accreditations. The medium of instruction is English. The teacher to student ratio, 1:18 is among the best in the world, guaranteeing personal attention to each student.
- ▶ Financial times (2018) ranked IMT 60th in the world for its management programme. Only three Indian institutes make the top 100: IIM – Ahmedabad, IIM – Calcutta and IIM – Bangalore. IMT France is ranked as the 6th best business school in France overall and for pedagogy and 4th best business school on salaries for graduates.
- ▶ Through this collaboration, SBS offers you the passport to get ahead of all your peers – even those in the so called top ranked MBA institutes like IIM!
- ▶ IMT will allow SBS students to participate in the internship placement and job placement programme at par with other IMT students.
- ▶ The Indian Government, under the leadership of our dynamic Prime Minister Narendra Modi ji has signed a special agreement with the French Government that offers huge visa concessions for Indian students. Through this agreement, SBS students are now able to stay and work in France for 2 years post their study in IMT. While working, SBS students are able to apply to live in France indefinitely. For SBS students who want to return to India, France offers a 5 year visa that allows you to stay in the Europe for up to 90 days, with a 90-day gap between stays. Accompanying spouse and children are also eligible. This is a fantastic opportunity.**
